Althing™ AIRs™

For a Safer, Healthier District

Real District Need

Suicide, self harm, depression, substance abuse and violence are all urgent concerns for districts. Helping involves qualified identification, meaningful intervention and immediate referrals. Real, meaningful service for all.

Efficient, Qualified Services

Althing offers AIRs - Assess-Intervene-Refer/ service. AIRs brings leading behavioral health specialists to your district to assess every student and staff member in a single week. Validated, private and safe, AIRs is the only qualified solution available for full district health encounters for every participant.

Meaningful, Sustained Help

Althing does more than identify, it provides interventions and ongoing health services. Althing leaves no person in need without a qualified and immediate care plan and service.

About Althing Health

Althing is a Minnesota based health entity who utilizes patented technology to enhance national leading behavioral health providers. Althing enables the most effective, efficient and beneficial district health service available. To learn more visit:
